

Quickoff (TNL 1475)

1. Identification

Quickoff.

2. Composition/Information on Ingredients

A mixture of wax, Glycol Ether and a 9-Carbon chain aromatic solvent.

3. Hazards Identification

Harmful by inhalation and contact with skin.

4. First-Aid Measures

Eye contact	Flush eye with water or approved eye wash solution. Seek medical advice should irritation occur and persist.
Skin contact	Remove contaminated clothing and wash skin with warm soapy water. Apply skin conditioner.
Inhalation	Remove patient to fresh air. Seek medical advice.
Ingestion	Do not induce vomiting. Seek medical advice.

5. Fire-Fighting Measures

Extinguishing media	Use dry powder, foam or carbon dioxide. Never use water-spray.
Protective equipment for Fire-fighters	Standard.

6. Accidental Release Measures

Spillages should be covered with an absorbent material such as Vermiculite. Dispose of by evaporation, if safe, or according to local authority instructions.

7. Handling and Storage

Normal working practice should be employed. Store in a cool, dry place. Avoid exposure to direct sunlight. Effective ventilation is necessary to prevent build-up of vapour. No smoking or naked flames. Keep containers tightly closed and away from heat sources.

8. Exposure Control and Personal Protection

Use in accordance with good industrial practice. Wear suitable eye protection if there is a risk of splashing.

9. Physical and Chemical Properties

Physical form	Liquid
Colour	Clear
Odour	Aromatic Hydrocarbon
pH of aqueous solution	Not applicable
Boiling point	157 – 180 °C
Melting point	Not determined
Viscosity	Not determined
Flash point	Greater than 42 °C
Flammability solid/gas	Not applicable
Autoflammability	Not applicable
Explosive limits	Approx. 1.0% to 6.0%
Oxidising properties	Not applicable
Vapour pressure	Negligible
Density	Not determined
Water solubility	Insoluble
Other solubility	Not determined
Bulk density	Not determined
Partition coefficient octanol/water	Not determined
Explosive limits	Not determined

10. Stability and Reactivity

Thermal decomposition	Stable under normal conditions of use. A complex mixture of irritating fumes in fire conditions.
Hazardous reactions	Danger of spontaneous combustion of rags, cloths or inert absorbent soaked in Quickoff. Ensure these materials are dealt with properly (see accidental release measures).

11. Toxicological Information

No specific data.

12. Ecological Information

No specific data.

13. Disposal Considerations

Dispose of according to a recognised method of chemical waste disposal.

14. Transport Information

UN number	No data.
IMDG code/class	No data.
ICAO/IATA (air) class	No data.
RID/ADR class	No data.
ADNR class	No data.

15. Regulatory Information

Not applicable.

16. Other Information

The information provided on this sheet is based on our knowledge of the product concerned at the date of issue. It is provided in good faith. Users should also bear in mind that risks may arise when a product is put to uses other than those for which it is destined.
