

Ultrabar Barrier Cream (TNL 5560 – 5565)

1. Identification

Ultrabar Barrier Cream.

2. Composition/Information on Ingredients

Glycerine, Water, Sodium silicate, Soap, Emulsifier, Wax and Fragrance (contains Almonds).

3. Hazards Identification

This product does not contain substances which present a health hazard within the context of the chemicals (Hazard Information and packaging) Regulations.

4. First-Aid Measures

Eye contact	Contact lenses should be removed. Irrigate copiously with clean fresh water for at least ten minutes. Seek medical advice.
Skin contact	Remove contaminated clothing. Wash skin thoroughly with soap and water or a proprietary hand cleaner.
Inhalation	Not applicable.
Ingestion	Do not induce vomiting. If patient vomits, turn to recovery position. Seek medical attention.

5. Fire-Fighting Measures

Extinguishing media	Use dry powder or carbon dioxide.
Protective equipment for Fire-fighters	Standard.

6. Accidental Release Measures

Contain and collect spillage with non-combustible absorbent materials (sand, earth) and place in a suitable container for disposal in accordance with the local waste regulations. Wash floor thoroughly with hot water and detergent, as the greatest danger is the slippery surface.

7. Handling and Storage

Normal working practice should be employed. Store in a cool, dry place.

8. Exposure Control and Personal Protection

9. Physical and Chemical Properties

Physical form	Paste.
Colour	White.
Odour	Almond scent.
pH of aqueous solution	Approx. 8.6
Boiling point	Not determined.
Melting point	Not determined.
Viscosity	Not determined.
Flash point	>190 °C
Flammability solid/gas	Not flammable.
Autoflammability	Not determined.
Explosive properties	Not determined.
Oxidising properties	Not determined.
Vapour pressure	Approx. 20 mbar.
Density	Not determined.
Water solubility	Soluble (> 90%)
Other solubility	Miscible with white spirit.
Specific gravity	Approx. 0.5
Partition coefficient octanol/water	Not determined.
Explosive limits	Not applicable.

10. Stability and Reactivity

Thermal Decomposition	Stable under normal conditions of use.
Hazardous reactions	None Known.

11. Toxicological Information

Ingestion	No specific data. Expected to be non-toxic.
Skin	Non-toxic. Prolonged and repeated contact may cause slight irritation.
Inhalation	Not applicable
Eye contact	Unlikely to cause irritation.

12. Ecological Information

There is no data available on the product.

13. Disposal Conditions

Dispose of in accordance with a recognised method of chemical waste disposal.

14. Transport Information

UN number	Not assigned
IMDG code/class	Non hazardous
ICAO/IATA (air) class	Non hazardous
RID/ADR class	Non hazardous
ADNR class	Non hazardous

15. Regulatory Information

This product is not classified as dangerous within the definition of the Chemicals (Hazard Information and Packaging) Regulations. The user's own assessment of workplace risks (i.e. Health and Safety at Work Act and COSHH Regulations) also apply to the use of this product at work.

16. Other Information

The information provided on this sheet is based on our knowledge of the product concerned at the date of issue. It is provided in good faith. Users should also bear in mind that risks may arise when a product is put to uses other than those for which it is destined.
