

Prepasol (TNL 8991)

1. Identification

Prepasol.

2. Composition/Information on Ingredients

An acid mixture containing 0.25% of Nitric Acid

3. Hazards Identification

Harmful by inhalation and contact with skin.

4. First-Aid Measures

Eye contact	Can cause burns. In even of splashes irrigate thoroughly with water and seek medical advice.
Skin contact	Can cause burns. Wash well with water. If irritation persists seek medical advice.
Inhalation	If discomfort arises seek medical advice.
Ingestion	Effect not known. Seek medical advice.

5. Fire-Fighting Measures

Extinguishing media	Use dry powder, foam or carbon dioxide. Never use water-spray.
Protective equipment for Fire-fighters	Standard.

6. Accidental Release Measures

Small quantities: Up to 5 litres of diluted product to drain with plenty of water.
Large quantities: Dispose according to Local Authority Regulations.

7. Handling and Storage

Normal working practice should be employed. Store in a cool, dry place. Avoid exposure to direct sunlight. Effective ventilation is necessary to prevent build-up of vapour. No smoking or naked flames. Keep containers tightly closed and away from heat sources.

8. Exposure Control and Personal Protection

Use in accordance with good industrial practice. Use protective gloves. Protect eyes against splashing. Use in a well ventilated area. Do not mix with other chemicals.

9. Physical and Chemical Properties

Physical form	Liquid
Colour	Clear
Odour	Not determined
pH of aqueous solution	Not determined
Boiling point	Not determined
Melting point	Not determined
Viscosity	Not determined
Flash point	Not determined
Flammability solid/gas	Not determined
Autoflammability	Not determined
Explosive limits	Not determined
Oxidising properties	Not determined
Vapour pressure	Not determined
Density	Not determined
Water solubility	Not determined
Other solubility	Not determined
Bulk density	Not determined
Partition coefficient octanol/water	Not determined
Explosive limits	Not determined

10. Stability and Reactivity

Thermal decomposition	Stable under normal conditions of use. A complex mixture of irritating fumes in fire conditions.
Hazardous reactions	Corrosive liquid.

11. Toxicological Information

No specific data.

12. Ecological Information

No specific data.

13. Disposal Considerations

Dispose of according to a recognised method of chemical waste disposal.

14. Transport Information

UN number	No data.
IMDG code/class	No data.
ICAO/IATA (air) class	No data.
RID/ADR class	No data.
ADNR class	No data.

15. Regulatory Information

Not applicable.

16. Other Information

The information provided on this sheet is based on our knowledge of the product concerned at the date of issue. It is provided in good faith. Users should also bear in mind that risks may arise when a product is put to uses other than those for which it is destined.
